Iaws regarding notarization. As of Jan 1st, all youth waivers have expired, as they run based on calendar year and the forms have been updated. Lot WE: sanctions in, permits in, beer garden was supposed to be removed today HY: Lot patching party next weekend, Jan 15th. Spoke to Josh Brown – OK to go ahead. We need trucks, wheelbarrows, hands. 9 or 10am to start. LC: Need differe tools for asphall cold patch vs quick-crete, make sure people bring right tools and know process PR HY: Business cards have been submitted for proofing WL: Have been talking to Goodwin and he will be putting our info on his flyers to he promote. Sports Car magazine are also coming out to do an article about Brian Goodwin and they are likely to do a write up on SOLO as well Registration / ES: No updates. Online Annual Tech HY: Stickers should be ready by next event. PAST EVENTS SCAT CC: 142 champ registrations, full registration for practice December GC: Course laid out in a way to go over a lot of unsavory pavement, leading to cars breaking. Can clubs talk to designers to avoid junk pavement??? ES: Issue is that bumpy areas are hard to discern while trying to design and then n one brought up concerns to safety steward or course designer – people hours before the event. We have limited options – skip bumps and hit breakup or avoid breakup and hit bumps CL: Can junior krats be out early? WL: Our permit is for 9am start time. Current placement for junior kart runs is convenient for swapping workers and cars for the group UPCOMING EVENTS TART 1/21-22 RP: Practice o	F

		novices turned off with poor organization, junior kart placement for runs, guiding				

	Concerns with course design: safety, consistency in marking, course design sub- committee to help standardize and maintain quality/safety?			
	KR: Perhaps novice chair needs to be more easily identified during the day, past had novices run in separate class at end of day to insure instructor availability, increase involvement of novice chair. Registration consistency needs to be addressed as well as consistency in course design. Clarified process for proposals			
MSR and	ES: If anyone uses MSR, please submit financials ASAP.			
Checks	Also, inconsistency in how event finances are handled with checks cashed early or late. Need regulation regarding when funds/checks can be deposited? People should not be charged prior to events in case of cancellation.			
	RP: Funds shouldn't be left lying around, I cash checks as soon as I receive them			
	KR: If current process is bothering people, introduce proposal. Otherwise assume checks will be cashed as soon as they are received.			
	RP: People also complain about people not cashing the checks soon enough			
	ES: Also part of the problem, maybe we do need to regulate			
Run/Work	LC: New run/work order. Rotations limited due to sound regulations with stadium.			
Orders	Main changes are with SSP and SSPL to even groups out. Will edit for C Mod differentiation			
Financial	RR: Treasurer needs to be audited before March. Need volunteers for audit			
Audit	committee. WL: I'm required to be on it, will be chairperson and select other auditors			
Security	WL: After DCCSD event, Jeep attempted to go up stair and got stuck. People came			
Issues at	through our gate and confused them with us and were upset. Got call from Josh at			
Qualcomm	stadium, if anything similar happens again, do not offer assistance. Go directly to			
	security and report that other people are getting into trouble.			
ADJOURNED	8:02 PM – Next meeting is February 6th at Denny's 4280 Clairemont Mesa Blvd			
ATTACHMENTS	None
