--------	-----------------	---------	------	----------------	----------------	----------------	----------------	----------------	----------------	----------------	----------------	----------------	-----------------	-----------------	-----------------	-----------------	----------------------

Note: Year-end championship points are calculated as the points of an entrant in two thirds of all championship events in one class.

If an entrant competes in more than two-thirds of all events, his lowest points in excess will be deleted from the calculation of his season average.

The year-end average for those competitors entered in less than two-thirds of all Championship events will be calculated and listed, but will not be considered for year-end awards.

* Competitors who miss more than 4 events do not qualify for year end awards.

9 best events are highlighted in yellow.
